## **EXAMINER'S AMENDMENT**

### **Drawings**

An Official Draftsman has approved the drawings.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Agent Catherine Anne Whealy gave explicit permission to the examiner for this examiner's amendment.

In the specification:

- A. Page 3, line 6, the phrase -- number 10/684,562 -- has been inserted after "application".

### **Reasons for Allowance**

The information regarding the cultivar Bodcompureye was described in the Plant Breeder's Right application number 01-2844 filed in Canada on October 2, 2001 and published on February 12, 2002. The printed publication was accessible to the public more than one year prior to filing of this instant application. A publication relied upon as prior art under 35 USC 102(b) must be enabling. The text of the relied upon publications standing alone would not enable one skilled in the art to practice the claimed invention.

When the claim is drawn to a plant, the reference, combined with knowledge in the prior art, must enable one of ordinary skill in the art to reproduce the plant. See *In re Le Grice*, 301 F.2d 929, 133 USPQ 365 (CCPA 1962). If one skilled in the art could reproduce the plant from

a publicly available source, then a publication describing the plant would have an enabling disclosure.

In the declaration, Applicant states the claimed plant has not been sold or available to the public anywhere in the world. The printed publication cannot be enabled because the disclosed cultivar has not been propagated from publicly available materials.

The specification provides a complete botanical description of the claimed plant. The completeness of the description is sufficient to distinguish this new plant from the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
